THE SENATORS WIN

THE THIRD OF THE SERIES WITH THE BLUEBIRDS.

AN INTERESTING CONTEST.

The Washington Club Much Discon certed at One Stage-Unusually Fine Field-Work on Both Sides-The Game Elsewhere.

WASHINGTON, D. C., April 17 .- (Spe cial.)-The Bluebirds played the Senators the last of the series of three games to-day, and considering the weather, which was quite cold and disagreeable for out-door sport, they gave a splendid exhibition. The game was characterized by hard hitting, and gave both the in- and out-fielders of the two clubs plenty to do. The Richmond team and in that respect gave the best performance with the stick of any visiting club here this season. Smith, who was in the box for the Bluebirds, was hit quite hard by the Senators, but for all that pitched a good game, and made the impression that he will be a firstclass Atlantic League twirler. The infield work of the Richmond Club was unusually fine. The Washington Club put up a strong game, both at the bat and in the field, and if present indications are worth anything, they are destined to cut quite a big figure in the National League the coming season. The game to-day was closely contested up to and including the sixth inning. In that inning the visitors batted out three runs, thereby tying the score. Things then looked rather dubious for the Things then looked rather dubious for the Schalors, who were certainly very much disconcerted by the superior play of the Bluebirds. The game was not decided until the last inning, when, by a lucky bunching of hits, the Schalors managed to win out. The game was hotly-contested from start to finish, and, taken all in all, the spectators, who sat shivering in the stands and withstood the inclement weather, were well repaid by the exhibition of ball they were treated to. The Bluebirds return to Richmond by the 430 train to-morrow moreing. The Senators will leave for Richmond The Bluebirds return to Richmon on Sunday evening to play two games with the Bluebirds on Monday and Tuesday evenings next. Following is the WASHINGTON.

Brain and brawn met on the Norfolk grounds to-day. Brain was represented by Johns Hopkins, and brawn by the Norfolk club. It is needless to state that brawn won the day. THE SPIDERS VICTORIOUS.

They Almost Shut the Columbian University Lads Out.

The Richmond College Spiders and the Washington, played at Broad-Street Park yesterday, but the game was in no sense exciting or interesting. The Spiders outclassed the boys from the national capital in every respect, and while they played good ball, the Columbian lads played in an execrable fashion, making errors galore.

Ellyson was in to do the twirling for the college lads and he was particularly effective, holding them down to six scattered hits. HEATHSVILLE, VA., April 17 .- (Special.)-A little ripple of excitement was created at Lewisetta Thursday night by reason of a forcible and successful attempt made to carry out by stealth the George T. Garrison, a schooner, in the possession of Messrs. A. S. Rice and C. Harding Walker, receivers for the late firm of C. R. Lewis & Co. This yeasel, together with seven others, has been placed in the hands of the receivers by an order of the Circuit Court of Northumberland county, and the Garri-

Thursday afternoon, at Lewisetta, Mr.
Rice was approached by one Captain Bentley, who produced an order signed by John J. Johnson, of Baltimore, in-structing Bentley to take the Garrison out of the possession of the receivers. It is understood that Johnson claims to have a bill of sale for the Garrison and two other of the boats. Captain Bentley was informed that he could only get the vessel by an order from the Circuit was informed that he could only get the vessel by an order from the Circuit Court, and any attempt to carry her out by force would be promptly punished. Bentley gave no evidence of an inclina-tion to do this, but Mr. Rice was wired after he returned to Heathsville that Bentley, together with Elijah Evans and another colored man, had demanded the release of the wheel, compass, and fore-rigging, which had been taken off the boat for safety, and on refusal had gone aboard, making preparations to leave. The vessel was anchored out in front of Lewisetta, and Bentley had been forbidden to go aboard or to touch her. He disregarded the warning, and the Sheriff was dispatched at once to place him under arrest for trespass, but the vessel was gotten out before the Sheriff reached Lewisetta. It is not known where he expected to carry her.
